

**QUALITY POLICY STATEMENT**

It is the policy of Dew Construction, to operate an effective quality management system in order to maintain the Company's reputation and commitment to meeting clients' requirements.

Our objective is to remain competitive in the construction market by improving business performance whilst continuously improving the quality service to our clients. It is our opinion that the operation of any effective quality management system greatly contributes to these aims.

All personnel within the Company are individually responsible for the quality of their work. A procedures manual is provided to assist all employees in ensuring that work for which they are responsible is carried out in a systematic efficient manner to meet specified requirements.

This Policy will be made available to the public on request and will be published on the Company's internet web site. It will be implemented through the actions of all employees and in accordance with the Group Company's Procedures Manuals.

The Policy will be periodically reviewed to ensure it remains suitable and appropriate for the Company's activities and will be revised and reissued to all employees as required.
